City Council Meeting Minutes

Meeting Date: May 13, 2019

- Members present: Dean, Paige, Mary, Steve, Samantha
- Community Members present: Shirley Piepho
- Meeting called to order at 6:50 p.m.
- Minutes and agenda approved. Motion by Mary, 2nd by Dean. Unanimous.
- Public Forum

Shirley thanked the council for their service.

- ***City Clerk Report***

Marnie was absent. Nothing to report.

- ***City Treasurer Report***

Paige presented report in Lon's absence. Nothing unusual. Paige and Marnie signed payment checks.

Departmental Reports

- ***Water Department***

Nothing new to report from the City of Mankato regarding the water tower. Nothing new from Brian on our tower. Steve and Chris still plan to coordinate replacement of meter pads for residents.

- ***Street Department***

Having difficulty getting companies to call back for street repairs. Mayor asked if City of Mankato would help. Still planning on painting the roads this spring.

- ***Parks and Playground Department***

New delineators are going up. Shelter roof has damage, Steve will assess. Someone carved the edge of the slide to be sharp. Steve filed the edge smooth.

- ***Public Safety Department***

People get used to seeing the signs so Mary is thinking that we should not add anything for street signs. She would like to keep moving the “slow down” signs around. Mayor had information on removable speed bumps that are pretty cost effective. Steve will look into this. Question about money from the coop for a picnic table and beautification. There has been a request for a bigger swing at the park.

New Business:

Clean up - Council decided to pursue the June 8th option. LJP was able to offer clean up that day. Mary wants to put that in the newsletter along with speeding information. Plan to pull instructions of what can go to waste and include in the newsletter.

Coyote pups were located in the ravine. Plan to call the county to have them removed.

Speeding - The mayor met with officer Kaiser and in fact there is very little speeding although it feels like it when you are standing still. Sam had a resident contact her last Monday and encouraged the resident to call 911 with a non emergency. He did call and present the information on the car and license plate number.

Meeting adjourned at 7:35 p.m. (Approximately:)
